

Your Referral Appointment

The following appointment has been made for you:

DAY _____ DATE _____ TIME _____

Welcome! You have just been referred to our office. If an appointment has not already been scheduled, you will be hearing from us soon.

Your initial appointment will be a consultation. A diagnostic evaluation will be performed in order to determine the nature of the existing problem. We will review your medical and dental history, symptoms, results of diagnostic tests and radiographic information to establish the diagnosis and determine the appropriate treatment. The recommended treatment plan will be explained by our endodontic team. This may include options such as the use of an oral sedative and/or nitrous oxide.

If you have access to the internet, please visit our website @ www.kwrootcanals.com and complete the patient registration package in advance of your appointment. You will be able to submit this information electronically. The security and privacy of your personal data is one of our primary concerns and we have taken every precaution to protect it.

If you do not have access to the internet, we will gladly mail out a registration package to you with return postage included. Please contact our office to arrange this.

Professional services are rendered to you directly, as are our fees. Payment is due at the time of consultation and the completion of treatment. Payment options include VISA, Master Card and Direct Debit. Financing may be available to you through ifinance.com.

Appointment time has been reserved for you. If you are unable to keep your appointment, we ask that you kindly provide us with two working days notice in order to avoid a financial charge.

Important:

- All patients under the age of 18 years of age must be accompanied by a parent or guardian at all visits.
- Please bring a translator to your appointments if it will assist your understanding of your treatment options.
- Please note our building is not wheelchair accessible. We do not have access to an elevator and our office is located on the second floor.
